NATURAL STONE

Bring Nature to Your Home

RST STONE is a Persian complex being currently involved in the field of exploiting extracting processing and merchandising ornamental stones used as interior / exterior building decorations.

RST STONE is producing different kinds of Granite, Marble, Onyx, and Travertine. RST STONE mines producing Green / Red and Multicolored onyx, marble, Granite stones. Our Company has also been operating a big stone processing plant being engaged in the production of high quality and standardized Slab and Tiles both from the soft Stone blocks

MARBLE Collection

Marble is characterized by its unique veins and swirls. Our range of Marble will add an element of sophistication and elegance to your home. Marble is used extensively for flooring, walls, bench tops, splash backs and vanities. Marble is more delicate than other stones but when cared for correctly will provide you with lasting beauty.

Pietra Grey and White Crystal

The gorgeous Iran Pietra Grey can go with every other choice of natural stone. As we see in this picture, designer has combined it with Iran Persian Silk marble on the floor and a stunning bookmatch of Pietra Grey, and also a touch of white crystalline marble of Iran on the rest of the wall. This combination has created a gorgeous warm look.

Blue Panther

A modern dining room featuring a large, dark, cylindrical pendant light hanging over a rectangular dining table. The table is surrounded by dark, modern chairs. The floor is made of black marble with white veining. In the background, there is a large window with sheer curtains and a wall with horizontal wooden slats. To the right, a dark wood kitchen island with a white countertop is visible.

Our New Marble: Black Diamond

Every now and then a new quarry gets discovered in Iran, and rststone gets to add another natural beauty to their collection.

Persian Silk

One of the most prestigious, timeless grey marbles of the world is Persian Silk.

The word "Silk" is a perfect description to what this soft unique shade of grey does to your eyes and heart.

It is the only shade of grey, that can bring cold and warm to the atmosphere of its presence at the same time.

ONYX Collection

Onyx is another natural stone from rich quarries of Iran. Some Onyxes in Iran are rare and one of a kind. Natural stone onyx is a hot trend in decorating. Onyx is a semiprecious variety of agate with different colors in layers and intricate patterns that enrich modern interiors. Some onyx are considered as healing stone and being used to heal people spiritually and mentally. So to create the sensation of luxury and peace at the same time, onyx is the one choice to go to.

Travertine Collection

Iran Travertine is one of the most frequently used Iranian stones in modern architecture and is commonly seen as facade material, wall cladding, flooring and Versailles Pattern. Its powerful look with its steady veins gives your stone project a mighty vintage look. A look which reminds you of our ancestors kingdom. Powerful and vigorous.
